Cheryl:

Central Sands is required to follow the 2016 permit with the exception of a few of the proposed, new upgradient wells.

Yes, the modified permit that we recently issued is in effect except for those specific provisions (specific monitoring wells) that were challenged.

**Subject:** Central Sands Dairy Permit

Hi All:

Is the July 7, 2016, modified WPDES permit that we issued to Central Sands Dairy the current, active permit for the farm even though they are contesting the permit? Or would this be the 2012 permit?

Thanks,  
Joe
